

Little Sparky 10 Spots

Who is that dog
With all those dots?
Could it be? Yes it is!
Little Sparky 10 Spots.

So many spots,
Black and white,
Can we count all 10?
I think we might.

But where did Sparky get
Spots 1 to 10?
Let's turn the page,
We'll find out then.

One black spot
Near the tip of her tail,
She got that one
From the paint in the pail.

So many spots,
Black and white,
Can we count the first one?
I think we might.

With friends at the zoo,
She had so much fun
And got spot number two.

Do you see right here?

On Sparky's left ear.
